Contact the Fire Chief for inspection after installation 781-2364

**Conditions/Restrictions:**

**NOTE:** This wood stove inspection is not an approval of the installation, but merely a statement that it is within the manufacturer's recommended parameters and/or appropriate codes. The inspection does not indemnify the homeowner from any fires resulting from lack of maintenance or responsiveness while burning. Solid fuel-burning appliances shall be listed and installed in accordance with the terms of their listing.

**EXCEPTION:** unlisted appliances inspected by the authority having jurisdiction shall be in accordance with the manufacturer's installation instructions if such instructions specify the use of increase protection or greater clearances than specified or appropriate codes.
